Message from the President

Dear fellow Columbians,

June, usually one of the most beautiful months in New York City, arrives again. Central Park is in full bloom, alive with trees, flowers, colors and fragrances. Joggers, bikers, laughing children and couples out for a stroll fill the park with activity. The Public Library has a wonderful exhibit, the Metropolitan Museum, MOMA, and the Museum of Natural History offer outstanding exhibits of art and culture, and King Tut is back in midtown. Broadway is flourishing with new hits, exciting musicals and old favorites. And the crack of bats can be heard in Flushing Meadow and the Bronx. June is a wonderful time to be in New York City!

One of the best ways to enjoy New York is to stay overnight at the Columbia University Club of New York. Centrally located in midtown near theater and shopping, the Club offers outstanding overnight accommodations and extremely reasonable prices. For many members who use the Club frequently, the overnight accommodations at the Club are their most important benefit of membership. It is difficult to find such impressive rooms at comparable rates anywhere in the City, not to mention in the heart of midtown.

While you're in New York, don't forget to check out the many events offered to members. You can see the Yankees play the Rays from a luxury suite, go to a Broadway play, or participate in our exciting Ambassador Series sponsored by the Columbia Club Foundation. On June 10, the Italian Ambassador to the United Nations will be speaking at the Club and taking your questions. On June 17 the very popular event Speed Dating returns to the Club. If you are single and between the ages of 25-40, Speed Dating offers a great opportunity to make new friends. On the 30th we are pleased to present the Chairman of the Dermatology Department at Columbia University Medical Center. Please be sure to check our web site each month to see a full listing of events. These events fill up quickly, so the earlier you reserve a place, the better your chances are of obtaining a seat. And please remember, if your plans change and you cannot attend an event for which you have signed up, please let us know as soon as possible to give another member the chance to attend.

As you can see, there's a lot going on. So come to New York City. Enjoy your Club and all it has to offer. I'm sure you will have a terrific time.

Warmest regards from midtown,
Mark Lemle Amsterdam, CC '66, LAW '69

6:30 pm Reception - 7:00 pm Lecture

Join us for a timely discussion about skin cancer and prevention with David R. Bickers, M.D., leading researcher in environmental carcinogenesis and photobiology.

The author of more than 250 scientific and clinical publications, Bickers has written extensively on the metabolism of carcinogenic chemicals in the skin and its role in causing skin cancer, and diseases induced by environmental sunlight exposure such as the porphyries. Through his lecture, we will gain insight into this complex and deadly disease.

Before coming to Columbia Bickers received his bachelor's degree from Georgetown University in 1963 and his M.D. from the University of Virginia in 1967. He was an intern in medicine at University Hospitals, University of Iowa, Iowa City, and later completed his residency training in dermatology at New York University Medical Center. During his residency, he was a National Institute of Health training fellow in dermatology, and was a guest investigator and assistant physician at the Rockefeller University. He originally joined the faculty of Columbia P&S in 1973 before accepting an appointment at Case Western Reserve University School of Medicine in 1977. In 1994 he returned to Columbia P&S in his current position.

NEWS & EVENTS

Dear Fellow Young Alums,

As spring comes to a close, the chairs of the Columbia Club Young Alumni Committee (YAC) would like to thank all the Club members that attended our May programming. We enjoyed sipping on high quality tequilas, touring the Philips de Pury Auction Preview, and learning about sustainable viticulture. These events would not be possible without the tremendous efforts of our committee members, and we thank all of them for their work in putting together exceptional programming for the young alums of this Club.

Throughout the summer, doubtless many young Club members will take advantage of the weather by travelling domestically and abroad. However, I encourage all young alums to keep abreast of YAC news during the summer by visiting our website: <http://www.columbiacub.org/youngalumni.htm>.

Along with our cousins from Princeton, we will be sailing around the Hudson River on a private schooner on Saturday, June 26. The event will include an open bar of beer and wine, and I hope many young alums will fit this wonderful event into their busy summer plans.

As always, please feel free to contact any YAC member with questions or ideas

Kind regards,
